Minute Book. II

Students Executive Committee

Commenced. March 1912.
(Continued from previous book.)^{*}

1912 — to 1925

* 1st book missing by 1972

Meeting of S. E. C. held March 23rd 1912
at 13 Chilworth Street.

Present. Misses Kitching - Lix - Evans - Davis -
Franklin - Bishop Gray -

1. The Minutes of last Meeting were read.
2. Arrangements for the Annual Meeting to be held in the summer were discussed - and various suggestions were offered. and it was decided that the Secretary should write to Mrs. Franklin and ask whether she would be willing to invite us to Dorchester Terrace. as she did in 1910. Various dates were suggested & finally the choice lay between July 17th & 20th as it was thought that there would be ^{the} chance of "present Students" being able to come on their way down from Scale How. Mrs. Franklin most cordially agreed to our suggestions and said she would be most pleased to invite Students there on July 17th 3.30 - 6.30 and also to give us a short address after tea. (L.P.)
3. A discussion followed as to whether papers

by non-students should be published in the Plant. The general feeling seemed to be that the Plant should be entirely composed of articles etc written by Students: but the Editor was given a free hand as to how she should fill up the 32 pages if at any time she had not sufficient matter in hand; - but that anything so inserted should be clearly ~~so~~ notified.

4. The Winchester Programme was discussed - but there was no business to be transacted in connection with this.
- * It was also suggested that for 6 months there should be a page of "Exchange & Trade" in the Magazine - to see whether such a means of advertising would help Students in procuring what might be useful to them in exchange for things they might be willing to part with. Miss Lix promised to put a notice in the next Plant setting forth this suggestion.

Meeting of the S. F. C. held Nov 16th at 3:30
at 31 Seymour House - Compton St.

Present Mr. Hughes Jones. Misses Kitching - Wix -
Evans. Davis. ~~Em~~ Franklin Gray.

1. The minutes of last meeting were read.
2. As it has been decided to wait until 1914 before holding the next Student Conference - it was thought that it would be a good thing to arrange for a Students' Day at the end of the P. N. S. C. Conference to be held at the Portman rooms next May. May 10th was suggested as being a likely date - and lessons & discussions in the morning and a conversation in the afternoon were brought forward as a general plan for the day. Though details are to be left to be arranged later on.
3. Letters of resignation were read from Misses Owen Bishop - whose work takes them away from town. Misses Judd & Chaplin were chosen to fill their places.

p5 p22/165

4. It was decided to arrange for the election of a fresh S. F. C. in the Spring of next year - as ^{that} it will be the end of the two years term of office for the present Committee.

5. It was decided that in future there would be no Sept. number of the Plant; as most Students are busy holiday making - and it was difficult to get a good number at that time.

It was suggested that it would be a good plan if some uniform Exercise book - with a suitable cover - could be instituted for use in the P. N. S. C. The Secretary was asked to write to Miss Mason and see whether any thing could be done.

It was also suggested that articles dealing with Social Problems - Women's work and other important questions of the day - might well be introduced into the Plant. Particularly in reference to their connection with the work of Teachers.

M. M. Kitching -
March 8th /13

The Exercise books were put in hand and are now to be obtained from the P. N. E. L. Office.
March 1913. A.F.

Meeting of the S. E. C.
held at 13 Chilworth Street - March 8th 1913.

Present Misses Kitching - Franklin - Davis -
Chaplin Gray -

1. The Minutes of last meeting were read.
2. In regard to the coming election of the S. E. C. it was decided that the voting papers should take the same form as in 1911 as they proved quite satisfactory. They are to be sent out on the April 28th and must reach Seale House by May 3rd. so that the result may be announced at the "Students' Day" on May 8th.
3. It was decided to arrange for the "Students' Day" to be held on Thursday May 8th. the day next after the P. N. E. L. Conference - as there would be the chance of Students attending who are up for the Conference - it was thought

that even those in posts would be able to arrange to be free for the aft. or evening - or both. There would be two sessions - 2.30 - 4.30 followed by tea provided at a fixed charge and 7 - 10.

The Secretary was asked to make arrangements about a suitable room - either in the Canton Hall or elsewhere - and report to the Committee later.

It was suggested that it would be a good plan to ask Mr. Gibb and Miss Gray to come & give us their opinion of the children who have come to them from P. N. S. Schoolrooms as compared with those who have been taught on different lines. it was thought that this should give rise to an interesting & useful discussion.

Miss Smeeton wrote suggesting a discussion on the openings of special work for Students among working class children & the Secretary was asked to write and ask her to open such a discussion either by speech or paper. It was thought that the evening could be more "social" & less informal than the aft.

noon - and that opportunity could be made for a general discussion on various points resulting from the Conference -
(b) Suggestions for the 1914 Conference
(c) "Experience" talks on Scouting
or any point that any student wished particularly to bring forward.

It was left for the Secretary to draw up a more definite preliminary programme and to submit it for the approval of the Committee.

E. Hughes-Jones.

The programme on the leaflet was finally drawn up and about 40 students attended the meeting. A full account was published in the July number of the P. N. U.

P10P124165

Letter to the A.O.S. Association.

DEAR FELLOW STUDENTS,

You may remember that when there is no Conference at Ambleside, an Annual Meeting of some kind is arranged for in Town. This year the Committee thought it would be a good plan to have a "Students' Day," following immediately on the P.N.E.U. Conference in May. So, as you will see from the enclosed Programme, we have hired a room at the Caxton Hall, on May 8th, at a cost of £2 2s., and we very much hope that the number of those who attend will justify us in taking such a step. Will all Students who hope to be present kindly send in their names to Miss GRAY, 5, Old Palace Lane, Richmond, Surrey, as soon as possible, so that she may make final arrangements for tea.

We also hope that a larger number of Voting Papers will be sent up to Ambleside than ever before, so that the new Committee may feel that they have really been elected by the whole of the Association. At the last Election only about eighty papers were sent in, and we should like this number to be very much exceeded this year, for there are now nearly 230 members.

Hoping to meet many of you on May 8th,

We are,

Yours very sincerely,

THE MEMBERS OF THE RETIRING
COMMITTEE.

this house, in spite of the stucco front and the area steps and the bell marked "Servants," all telling of departed glory. The "cast off" house, like the cast off garment, is the resort of the dependent and submerged. I come out saying, "Poor little kiddy!" I must go back to the office about this and get them to telephone to the Metropolitan Asylums Board. The child has every sign of pneumonia with measles. The mother is out at work, and the only nurse is a small girl of 7. I shall make the landlord give them a new mattress. The family are paying 7s. for one room, and the furniture consists of a broken bedstead with *filthy* bedding, two chairs (one broken), and a rickety table. The dirt is a legacy from the last tenant, as this family only moved in two days ago. I must agitate for more systematic inspection of this class of furnished rooms. I wonder what the percentage of profit on that miserable furniture is—about 400 per cent. per annum at least! Ugh! that horrible bed. After the telephoning business we shall only have time for one more "notifiable disease," and then lunch, and meet Miss D. in Wardour Street.

A. in which to hold the Conference at the cost of £2.10 for the four days. It was decided to issue Conference tickets at a charge of 2/6 each which was thought sufficient to cover the Hire of the Hall and of the many incidental expenses connected with the Conference. 4. It was suggested that a presentation should be made to Miss Mason - as a suitable way of celebrating the Coming of Age of the House of Education. This was decided on, and it was arranged that a leaflet should be circulated amongst the Students at the end of January asking for 2/- contributions and the authorities at Scale How were to be consulted as to the most suitable way of laying out the

p18pneu165

5, Old Palace Lane,
Richmond, Surrey.

DEAR FELLOW STUDENTS,

It has been suggested that a very suitable way of celebrating the "Coming of Age" of the House of Education would be to make a presentation to MISS MASON.

Naturally all Students, whether Members of the Association or not, will wish to participate in this, and the Committee thought that if each one contributed 2s. the sum total would be quite large, and could be spent on something that would be really acceptable to MISS MASON. We spent a long time talking the matter over at the last Committee Meeting, and decided to consult a "Local Committee," consisting of MISS WILLIAMS, MISS KITCHING, and MISS DRURY, as to the best means of expending the money. The choice will, of course, be influenced by the amount at our disposal, but we have fixed on a small subscription, hoping that the response will be universal, and that MISS MASON may feel that all have shared in the gift.

It is naturally most desirable that no rumour of this should reach MISS MASON, so may I suggest that no mention of it be made in the various Budgets. The presentation will be made after the Conference is over, as it would be much too trying for MISS MASON to go through it whilst we were all at Ambleside.

One other point, will you all send a good signature with your contributions (which I shall be glad to receive as soon as possible so that the matter may be put in hand) as I wish to collect them and paste them on to a sheet of paper that can be given to MISS MASON when the presentation is made.

Hoping for a warm and ready response.

I am,

Yours very sincerely,

LILIAN GRAY.

SCALE HOW,

June 3rd, 1914.

MY VERY DEAR FRIENDS,

Thank you very much indeed for the wealth of good things you have bestowed upon the "House" (and upon me!). A beloved friend of ours whom many of you knew (Mrs. Dallas Yorke) used to call this the "House Beautiful"; you have done a great deal to make it worthy of the title. How I wish you could have seen us revelling in a whole gallery of delightful pictures on that Sunday afternoon when they were displayed for the first time. Your secret had been kept until the Address arrived, and of that I shall speak presently.

We hardly knew which to admire most, the exquisite Medici reproductions, or the forty or more admirable carbon prints in their pleasing frames, illustrating about a dozen great masters. Before I knew your idea I rather wondered where so many could hang, and was delighted when I heard of your happy thought of a bedside picture for every Student, the San Marco idea even if we have no "Blessed" Brother (or Sister) to paint for each of us an original picture.

It was dear of you, too, to have a show for the present Students, and to tell them your plan; to make them feel, in fact, that this was a gift from you to them and to all future Students.

I come in by your wish for a Benjamin's portion — two of the bedroom pictures, and the two you have chosen are specially dear to me,—Rembrandt's "At Evening" and Van Eyck's "The Adoration of the Lamb." These I look at most often, but each picture in every room is a delight (and a gift) to me.

Thank you, too, for the charming lamp, with the thoughtful and useful addition of a branch-bracket for the wall to which the lamp can be transferred. It will be very useful.

Even more delightful in a different way is that exquisite piece of illumination, the accompanying address, so gracefully worded and so delicately felt, and setting forth in the lovely

p28(cc)pneu165

lines of Wordsworth what your College-home is to you. I do not say "was," because as you tell me, in words not your own, what you find here is a continual possession to you.

I wish you could see Miss Owen's beautiful lettering and fairy-like illumination, all representative of the things we care for here, — dragonflies and water avens, pimpernel, ladybird, a score of tiny flowers and radiant creatures woven into a lace-like border for the inscription—with a cover as beautifully designed and painted.

Your gift is enhanced by the loving labours of your Committee, and I treasure a little book of signatures put together with great care by your Hon. Sec.

Nor is this all; I hear of other delightful things in contemplation to beautify what you call "our dear Scale How," and I wish I could let you know how much we all thank you and delight in your thought for us, and with what loving thanks and appreciation I receive all these evidences of your love and loyalty on the occasion of our coming of age.

Always, my dear "Bairns,"

Your very affectionate friend,

CHARLOTTE M. MASON.

p28(d)pneu165

DEAR EX-STUDENTS,

We thank you most heartily for your magnificent gift to the House of the pictures. They are giving us an enormous amount of pleasure in every part of the house where they are now hung. The Seniors are especially grateful for such a help in studying Tuscan art next term.

You will be interested to hear of the destinations of the pictures. The Sistine Madonna has been hung in the Classroom in the place of Mr. Rooper's portrait. It looks extremely well, facing the door. Da Vinci's "Last Supper" is hung in the Dining-room on the left-hand side of Miss Mason's portrait. Two of the Rembrandts are in the S.M.'s-room, and two of the Carpaccios in the J.M.'s. The remainder are in the other bedrooms. The owners of the pictures are so proud of them that bedrooms are no longer to be known by such names as the "slums," but as "The Carpaccio Room," etc.

We had two exhibitions, one for the Students in the Drawing-room on half-term Sunday, and one for the children. Their interest and delight in the pictures proved the intense value of their picture-talks. They were so appreciative of all the pictures, and especially enjoyed finding some much-studied favourite among the collection.

Again thanking you in the name of all the present Students, and of those who will follow us in after years, for such a precious possession,

I remain,

Yours sincerely,

EMILY M. SOMERVILLE.

REPORT OF THE
Presentation to Miss Mason.
1914.

STUDENTS will be glad to know that there was a very general response to the appeal for subscriptions towards a Presentation to celebrate the Coming-of-age of the House of Education, and in all £26 12s. was collected. There was, naturally, much debate as to how the money should be spent, and it was decided to spend about £15 on pictures for Scale How. The choice of pictures was a somewhat difficult matter, but with the valuable help of those at Scale How the following list was decided on, the idea being that there should be one to hang over each of the thirty-two beds, two specially for Miss Mason, and the others for the house generally. With the exception of the Sistine "Madonna" and "The Last Supper" all are carbon prints, framed in stained oak.

The Sistine "Madonna" is a Medici print, and is quite a large picture, and "The Last Supper" is also in colour—a beautiful reproduction—smaller than the Medici print of the same picture. Several of these reached Ambleside in time to be on view at Rothay Holme on the afternoon of the Old Students' "At Home."

£3 10s. has been spent on a lamp for Miss Mason's own use—one that can either stand on a table or fit into a wall bracket, and we hope that it will prove useful as well as ornamental.

p28(g)pneu165

This part of the Presentation has already been given to Miss Mason, together with an address most beautifully illuminated by Miss Owen—a real work of art well repaying a long and minute study—and a book of the signatures of all subscribers.

It was suggested at the Conference that the balance of the money should be spent on a "Della Robbia" replica for Scale How, and it was a great help to be able to submit the suggestion to Miss Mason, together with a catalogue of the reproductions, and to leave the choice of subject and position to her. She has chosen three to be placed side by side over the heating apparatus in the hall, the outer ones of children singing and the centre one a "Madonna and Child." It may be some little time before these are actually fixed, but the order will be put in hand at once. There may possibly be an inscription of some sort placed underneath, but that is a detail that can be decided later on. Meantime, as will be seen from the accompanying letters from Miss Mason and the Present Students, the pictures are all hung and are giving an immense amount of pleasure; and the Committee hope that all subscribers will feel satisfied with the way the money has been spent.

THE CONFERENCE.

The Editor believes she is voicing the general opinion in saying that this Conference has been one of the most successful, perhaps even *the* most successful, ever held. The weather, of sufficient importance surely to be placed first, was perfection. The papers were each so interesting that the Editor's task of squeezing them into the PLANT—not endlessly elastic, alas!—has been really hopeless. Several papers have been entirely omitted, to appear later on. Others have suffered from the “blue pencil,” but such an unwilling pencil! But it is to be hoped that this number may still contain something of the bright, inspiring, enthusiastic spirit which animated our Conference, may reflect some of the glow of that wonderful week.

Miss Harriet Smeeton writes that she wishes to make “some slight acknowledgement to the Committee who so successfully managed the Conference.” She has most kindly given to the P.N.E.U. Library Mr. Burrell's book on the art of reading, which many of us have wanted to read. We shall now have the opportunity, and shall best show our thanks to Miss Smeeton for her very kind gift by borrowing the book with what speed we may.

Telegrams of congratulation were received from four students in Western Canada, Misses Williams, Brooks, Biggar, and Haggie, from Miss Faunce, Miss Nield, Miss Hall, and Mrs. Pyper. A most kind letter was also received from Mr. Perez. Postcards of Scale How and the Garden were sent in reply to each of the kind people who had remembered us.

The Conference was held in accordance with the foregoing programme and inserted here is a copy of the Balance Sheet - and also the list of those Students who attended.

The Presentation Pictures arrived just in time to be on view at Rothay Holme on the Saturday afternoon and they were presented to Sale How about three weeks late - together with a beautifully illuminated address kindly done for us by Miss Owen.

It was decided that the present P. S. C. should remain in office till the next Conference - so the next "General Election" will take place in April 1916.

Yours sincerely -

2. The foregoing notes were read instead of the usual minutes.
3. Owing to her marriage and future residence away from town - Miss Davis had to resign her place on the Committee. We are very sorry to lose her and shall miss her help at the meetings. Miss Young - and failing her Miss Stainton - was elected to fill the vacancy and we hope she will agree to do so.

- 3.4 Miss Gray said that she would shortly be moving away from Richmond and would no longer be able to attend the

meetings in town as hitherto. The Committee saw no reason why she should not continue in her present position if so and suggested the appointment of an Assistant Secretary who could be present at the meetings and help with the work. Miss Young's name was suggested and we very much hope that she will consent to fill the post.

5. We closed the meeting by giving Miss Davis a copy of da Vinci's Last Supper - as a small token of our good wishes and of our appreciation of her many years service on the Committee.

Miss Young has consented to take the place of Miss Davis (now Mrs. Brittlebank) on the Committee - and also to act as Assistant Secretary.

DEAR FELLOW-STUDENTS,

The year is creeping on, and we have been thinking over the matter of the next conference, which would, in the ordinary course of things, have been held next Easter. But the war still continues, and we feel that if the coming winter is to be a repetition of the last, there will be no leisure in which to prepare a programme, and that our money will be so badly needed in other channels that we should hardly be justified in spending it in this way. Even should the actual fighting be over before the winter, there will still be much to do, and much help will be required for many a long day. The 1914 Conference was a great success after waiting the extra year, and I see no reason why the next one should not be the same; and if we wait until life resumes a more normal course we shall be able to throw ourselves whole-heartedly into the planning of it.

Under the circumstances the S.E.C. feel that they are taking the right step in postponing the conference for a year. No doubt this will come as a fresh idea to many, and possibly even as somewhat of a shock, but we feel sure we are acting for the best, and I think that if students will honestly think the matter over in their own minds, setting personal inclination aside, that they will come to the same conclusion.

So let us all look forward to doing our share when the time comes towards making the 1917 Conference a huge success, and, meantime, let us direct the energies that would have been put into conference work through the winter into the many other channels where help is so badly needed. We have heard a good deal during the P.N.E.U. Conference about the privileges of living in war-time, and possibly this decision will leave us freer to realize these privileges and to live up to them as best we may. Hoping that you will all have happy holidays, I am, yours sincerely,

LILIAN GRAY (Hon. Sec.). (Written on behalf of the S.E.C.)

It was not found practicable to hold a meeting of the S.E.C. in May or June - so that the business had to be arranged by Correspondence. All the Committee members felt that a Conference would be rather ill timed with the war still on and all the agreed to the letter on the foregoing page that was accordingly published in the July Magazine -

Inserted is also a short notice of the "At Home" kindly given by Mrs. Franklin during the P.N.E.U. Conference held at the Y.M.C.A. Headquarters in June - which was attended by quite a good number of Students - and once more we feel that our grateful thanks are due to Mrs. Franklin for her kindness & hospitality.

It had been decided to hold our Annual Meeting during the P. N. E. C. Conference at Bedford College in July. and Miss Parish has been of the greatest assistance to us. She suggested that the afternoon of July 4th should be the Students' afternoon, when the Conference members should be present and that there should be informal discussions on various subjects - e.g.

1. Special teaching of little boys to fit them for Preparatory schools.
2. Fairy stories.
3. Writing.
4. Numbers.
5. Picture Talk.

and she also made other delightful suggestions. We felt that we could not do better than leave her to make arrangements & most grateful to her

p36 p104/165

for all her labours on our behalf. The time at our disposal after tea, when we should be quite alone, we thought best to leave free for talk.

A note was received from Miss Farnce apologising for her absence and sending in her resignation. This made a second vacancy to fill up as Miss Janet Smith had resigned previously - a new post taking her right away from London. We hope that Miss Claxton will join the Committee in her place, and that either Mr. Eoslemont or Miss W. Kitching will come on in the place of Miss Farnce.

A suggestion was received from Miss Parish as to a way in which we as Students could show our gratitude to those students whose husbands have been killed in the war. But we felt that at present it was premature to attempt to memorize the war in any way - and that peace must reign before anything in that direction could be thought about.

Since writing the above both Mr. Eoslemont & Miss Claxton have become members of the S. E. C.

STUDENTS' CONFERENCE.

The question of a Students' Conference next Spring has been engaging the attention of the S.E.C., and we—the members of the S.E.C.—feel that the holding of it, or the postponing of it till the War is over, should be decided this time by the Students themselves. So we have drawn up the following questions, and shall be grateful if all Students will answer them and send their opinions on the various points raised as soon as possible, so that we may have some idea of the wishes of Students in the matter. Please return the papers to Miss Gray by December 1st.

1. Are you in favour of a Students' Conference being held during the War?
2. Are you in favour of one being held next Spring?
3. If so:—(a) Where should it be held—in Ambleside or London?
(b) How long should it last?
(c) Is it likely that you could attend?
